

# MOHAMED AHMED

---

I believe that students deserve to have a voice within the university and this will always be my priority. With this I promise to always uphold and campaign for the needs of the students, but also to ensure students get to have the best experience possible.

I am not afraid to speak out to ensure student's voices and opinions are heard as well as to make sure that student rights are upheld and respected.

As a student representative, I have spoken out about issues and have been successful in having the issues resolved, this is just one of many examples that I have advocated for students.

As a committee member for the FLSC you can feel reassured that you have an advocate, a voice and someone who will put your needs first. You can also have confidence that I will work together with all officers and peers to ensure you all have a Student Union you can trust and be proud of.

Kind regards.

Mohamed
