This is a summary of the duties and function of the Student council

Student Council

Student Council exists as a high level democratic body for students to bring forward and discuss matters of concern to them, their education and in their dealings with the University and / or Union. It can provide recommendations to Trustees, offer direction to Officers and Hub Committees and hold them to account. It can raise its concerns to the University and can be consulted on both University and Union development and change. Although having a role in Union governance it is not a primary governing body of the Union.

Please note the student council meets five times (approx) an a academic year, usually on Wednesdays 1600-1800.
