

# SIMAS JANUSAS

---

**Hello!**

My name is Simas Janusas currently studying final year Business Management. During my three years at university, I have been a StAR, Executive of the Green Society, Member of the Banking Society and Ambassador of the London City Hall.

You may have seen me in the Moorgate HUB fundraising for the KwaZulu Natal School in South Africa, as it is a part of the IBM University Business Challenge activity.

I have been participating in various events and workshops within the university and outside it, representing students' needs, issues and ideas. Directly working with the Student Union and Sustainability Department to help improve and maintain the students' life at the London Met.

**Vote for me, because:**

***1. I believe that London Met should have a voice on a National Level.***

London Metropolitan University is one of the most culturally diverse universities in the UK. That is the uppermost reasons why the voice of us should be heard. We are all different and unique and share the same goals - to achieve academic, career and life success! Thus, we need to stand up and express our needs and wants and how NUS can help us to do that.

***2. I believe in Sustainability and Green Environment.***

I will raise the issues about the environment and how we can improve the process of being a sustainable society. Addressing the 'Global Sustainable Development Goals' such as climate change, reducing inequalities, clean water and sanitation, quality education, etc.

***4. National Union of Students together with London Metropolitan can make an Impact***

Everyone probably has heard of a quote "*One Man In the Field is Not a Warrior*" and I totally agree with that. However, one man in the field *can show* the way for the others to follow. Moreover, built a cooperative, strong and successful team. By saying a team, I mean all the students of the university. By the one man, in a respectful way I mean me. I am dedicated to be that one man in the field, that would go there and with the full due respect represent **YOUR needs, YOUR wants and YOUR ideas** to be heard.

***YOUR VOTE IS YOUR FUTURE!***

**Vote For *SIMAS JANUSAS* As Your *NUS CONFERENCE* Delegate Of LONDON METROPOLITAN UNIVERSITY**
