

Student Reps 2021-22

Student Voice at London Met - Raise your voice

London Met Students' Union

What are Student Reps?

Student Reps are elected at the start of the academic year by their course mates. The role of a Rep is to raise academic issues with teaching staff on behalf of their fellow students. Reps liaise with coursemates, provide feedback to academics, and act as a communication channel between the University and students.

Reps can also signpost students to relevant University academic and support services. They can develop significant skills above and beyond those gained through their study which can assist future employability and can be used to demonstrate vital experience for future job applications

Get involved in the UK-wide student movement

Every students' union in the UK has Student Reps, also known as 'course reps'. The National Union of Students (NUS) run seminars, conferences and other events in London and across the UK for Reps.

They are a great way to meet like-minded students from across the country.

Student Rep Socials

By being a Rep you can get more involved in LMSU. It is a great way to meet fellow students and make friends. We have Christmas socials and other events and hangouts throughout the year.

Why not organise a similar event for the students on your course and invite your teaching staff too?
